

DECLARATION OF CONFORMITY NO. 27b / 2015

1. Manufacturer / Manufacturing plant of the construction product:

Przedsiębiorstwo Produkcyjno Handlowe „ADW” Sp. z o.o.
43-175 Wiry, ul. Zbożowa 2

2. Name of the construction product:

IZOPLAST B-W - rubber and asphalt dispersion compound

3. Statistical classification of the construction product:

PKWiU 23.99.13.0

4. Purpose and scope of applications of the construction product:

IZOPLAST B-W - rubber and asphalt dispersion compound is intended for light or medium jointless waterproofing coating on concrete vertical and horizontal elements below ground level, which were primed by IZOPLAST R-W, and for renovation and maintenance of coatings made of asphalt felt-paper. Coating made of IZOPLAST B-W protects the structure elements against aggressive substances contained in the ground and may be loaded with water under pressure. Compound to be used without limitations in communications industry for road and railway engineering facilities, “subway” construction buildings and for individual purposes.

5. Technical specification:

IBDiM Technical Approval No. AT/2012-02-2821/2

6. Declared technical features of this type of construction product:

Property	Requirements
External appearance, consistency and coating appearance	Brown and black compound with thick and liquid consistency, no impurities visible. Black coating, continuous, bubble-free, adherent to the surface
Runoff of the coating from vertical surface at temperature of 100°C during 5 h	Coating does not run off
Water content, %	<45

7. Name and number of the certification body or laboratory and certificate number or report number of type testing if such unit was involved in the applied system of assessing the conformity of construction products:

Test report No. – 16-1/15/TN3 and TM-1/04/15

The tests were performed at the Research Institute of Roads and Bridges in Warsaw by the Team for Bridge Diagnostics and Repairs, Surface Technology Department and the Bridge, Concrete and Aggregate Research Centre.

I hereby declare with full responsibility that this construction product is compatible with technological specification indicated in point 5.

Wiry, 2015-06-15
